1. How to set up the process

Before you can start:

Before you can ask for a payment with blue credits on tickets on behalf of your customer, the bluebiz member first need to authorize you as their bluebiz designated travel agent. They can do so by filling in the form called 'assign a designated travel agent' which the member can find in the bluebiz service desk section of bluebiz.com. As soon as you are assigned as a travel agency for a bluebiz member, you will receive a confirmation mail from the bluebiz service desk. From this moment on you can start to ask for payment of tickets and upgrades in blue credits as described on the following pages.

For tickets paid with blue credits, you as a designated travel agent will still be able to:

- own the PNR
- Service the PNR (making changes, adding ancillaries, etc.*)
- incorporate the PNR in your mid and back office systems for Management Information and duty of care purposes

If you have any questions on the bluebiz Designated Travel Agent service, please visit bluebiz.com, Business Solutions (afkl.biz) or your account manager.

**Changes and ancillaries cannot be paid with blue credits via the bluebiz designated travel agent service.*

Kind reminder:

Refunds must be requested via an Indirect refund via **Refund Application in BSPlink**. If a refund request has been sent via the GDS, it will **not** be handled and an ADM could be issued.

5. Refund rules ticket issued with bluebiz EMD

- Refunds must be requested via an Indirect refund via **Refund Application in BSPlink**. If a refund request has been sent via the GDS, it will **not** be handled and an ADM could be issued.
- Before requesting the refund via Refund Application, please ensure the booking has been cancelled and the passenger is offloaded. Do not close the coupons.
- Handling the refund request might take up to 4 weeks. The refund will be made in the same currency and credits will be returned to the Bluebiz member's account according to the refund rules of the fares issued. For unused tickets, a refund can be requested at the latest 12 months after date of issue.
- For partially flown tickets, a refund can be requested at the latest 12 months after the first travel date.
- Only original 074 or 057 tickets can be refunded by the Refund Department. When a 074 or 057 ticket has been exchanged into another airline ticket, please submit the RA with the newly issued ticket number and mention the original ticket number in the "original issue detail" field.
- See Business Solutions for all refund rules.
